

Post Mortem Body Bags and Shroud Kits

Prevent infectious diseases from leaking bodily fluids. Body bags are made of heavy puncture resistant, white high grade vinyl. Rust proof nylon zipper runs the full length of the pouch. Each pouch is individually packaged and includes a 3-part tagging system for proper tracking. Shroud kits are also an economical alternative to body bags while meeting containment and identification needs.

ITEM#	PRODUCT DESCRIPTION	CASE PACK
IZ	18" x 27", infant, white vinyl, w/ straight zipper, tags	20
